Camtasia Studio Training

Travel Directions

Our training classes take place at the Travel Inn, Glasgow International Airport (telephone: 0870 238 3321) and is easily accessible from both Prestwick and Glasgow Airports used by many of the budget airlines. The nearest rail stations are Paisley and Johnstone. A taxi from these rail stations will take 5 minutes to reach the airport.

Arriving at Prestwick

Ryanair uses Prestwick airport. On arrival at Prestwick airport catch the train at the adjacent rail station to Glasgow and disembark at Johnstone. The train journey takes approximately 30 minutes. A taxi from Johnstone station will take 5 minutes to reach our training venue.

Arriving at Glasgow International

Both Easyjet and Flybe use Glasgow International Airport. On arrival leave the terminal building and turn left towards the taxi rank. Continue walking by the taxi rank and proceed ahead under the flyover bridge. The venue is next to the petrol station and is in total about 3 minutes walk.

Administration

Training classes start at 10am to allow for 9am flight arrivals and finish at 4.30pm. Wireless Internet access is provided by the venue for an additional charge if this is required.

Attendees should bring their own laptop computer with the most current version of Camtasia Studio already installed. Requests for the use of a desktop or laptop should be made at least 3 days in advance of course commencement by calling or emailing us using the details above.

Lunch is provided free and course materials are also included. Any special dietary or meal requirements should be notified to us in advance. Dress for the course is casual clothes. All attendees receive course certification and BlueOrange is a TechSmith Approved Training Partner. Training has been previously provided for many national and local companies including the BBC, dmg world media, emap glenigan and BiP Solutions.

Additional Questions

We'll be delighted to answer any questions you might have and can also easily provide onsite training for companies if this is required. Please call Julie now on 01505 346572 to get any help you might need or to answer queries you might have.
